

# INDEX.

- ABBÉ, ROBERT**, Excision of the Gasserian ganglion, 60; Value of cocainization of nares preliminary to general anæsthesia, 64; Cerebral abscess from otitis media, 66; Sarcoma of skull treated surgically and by toxins, 177; Plastic operations on the hands, 185; Case of epithelioma of lower lip, no relapse ten years after removal, 186; Use of oxygen gas with ether for anæsthesia, 194; Laparotomy for typhoid perforation of intestine, 199; Parietal incision for gall-bladder operation, 286; Results of operations for sarcoma of kidney, 288; Use of gauze tampons in intestinal surgery, 293; Resection of bladder for cancer, 605.
- ABBOTT, F. C.**, Acute primary osteomyelitis of the vertebra, 510.
- Abdomen**, Healing in of foreign bodies within the cavity of, under the influence chemical and microparasitic irritation, 225; Gunshot wound of, Laparotomy in, Case, 423, 440.
- Abdominal cavity**, Pedunculated myxoma of, 295.
- Abdominal wall**, Dermoid cyst in, 296.
- Actinomycosis**, from the entrance of foreign bodies, 106; of the stomach and intestines in man, 121; of the uterus, 342.
- ALLIS, O. H.**, Injuries to nerves following fractures of the humerus, 200; Laparotomy for gunshot wounds of intestines, 207; Hip-joint dislocation, with fracture of the neck of the femur, 210; Drainage through the rectum of pelvic abscesses due to appendicitis, 272, 298; Fractures of the coronoid process of the ulna, 448; Gastro-enterostomy with the Murphy button, 476; Exploratory laparotomy in high-lying carcinoma of rectum, 477.
- Ambulatory treatment of fractures of the lower extremity**, 240, 462.
- American Surgical Association**, Transactions of, 1895, Review of, 368.
- American Text-Book of Surgery**, Review of, 356.
- Anæsthesia preceded by cocainization of the nares**, 1, 62, 233; from mixture of oxygen gas and ether, 194.
- Anæsthetics**, Statistics of, 232.
- Aneurisms of the subclavian artery**, Additional cases of, 255.
- Annual of the Universal Medical Sciences**, 1895, Review of, 367.
- Anus**, Congenital stenosis of, 330.
- Appendicitis**, Repeated operations for, 178; Pelvic abscesses from, drained through rectum, 272, 298; Review of Morris on, 493; Obliterans, 608; due to a pin in the appendix, 604; due to a bone, 625; and mastoiditis simultaneously operated upon, 613; Diagnosis and pathology of, 614, 616.
- Appendix Vermiformis**, Cancer of, 186; Peculiar forms of the, 186; Congenital absence of, 611; Question of its removal in every case of appendicular abscess, 750, 759.
- ASHHURST, JR., J.**, Treatment of compound fractures of the lower extremity, 452; Ambulatory treatment of fractures of the leg, 468.
- Atlas of Skin-Diseases and Syphilitic Affections**, Pringle, Review of, 366.
- BARTON, J. M.**, Divulsion of pyloric stenosis, 477; Diagnosis of appen-

- dicitis, 623; Question of the removal of the appendix in every case of appendicular abscess, 755.  
 Bier's operation for hypertrophy of the prostate gland, Cases of, 705.  
 Bilharzia haematobium, Case of, 56.  
 Biliary calculus removed from the common duct, 180.  
 Bladder, urinary, stone in. Comparative frequency of, in white and negro races, 129; removed by intraperitoneal suprapubic cystotomy, 132; myomata of, 213; Drainage of, after suprapubic incision, 499, 746; Cancer of, subjected to resection, 605; Treatment of intraperitoneal rupture of the, 676.  
 BOGART, J. B., Laparotomy for perforating typhoid ulcer of the ileum, 596.  
 Boston Children's Hospital, Review of Report of, 628.  
 Brain, Advance in surgery of the, 316; Cyst treated by operation, 323; Tumor of the, 748.  
 Breast, Operative treatment of carcinoma of, 607.  
 BRIDGON, CHARLES K., Excision of the Gasserian ganglion, 60; Resection of joints for tuberculosis, 181; Extirpation of carcinoma of tongue, 193; Typhoid perforation of intestine, Laparotomy for, 198; Cholecystotomy, 284; Cholecystenterostomy, 285; Parietal incision for gall-bladder operations, 287; Thyroidectomy, 288; Carcinoma of colon, 601; Recurrent carcinoma of neck, 739; results of castration for hypertrophied prostate, 741.  
 Broca and Maubrac, Treatise on Cerebral Surgery, Review of, 771.  
 BROWN, F. TILDEN, Clamp for femoral vessels during hip-joint amputations, 67; Report of successful hip-joint amputations, 153; Hartley's case of implantation dermoid tumor, 606; Ligation of the vasa deferentia for hypertrophy of the prostate, 737, 744.  
 BRYANT, JOSEPH D., Cocainization of nares preliminary to general anæsthesia, 62; Ligation of external carotids for tumors of the jaws and naso-pharynx, 190; Use of oxygen gas with ether for anæsthesia, 195.  
 Bullet-probe and forceps, new in principle, 591.  
**C**ARCINOMA, Etiology and histogenesis of, 234; Successful transplantation of, in dogs, 237.  
 Carotids, Ligation of external, for naso-pharyngeal sarcoma, 189.  
 Castration for prostatic enlargement, 486, 687, 741.  
 Catgut as a source of pus infection, 109; Formalin, 187; Preparation of chromicized, 768.  
 Cerebral abscess due to otitis media, 66.  
 Cerebral concussion, Contribution to the theory of, 163.  
 Cerebral sinuses, Thrombosis of, due to otitis media, 114.  
 Cerebral Surgery, Review of Broca and Maubrac's Treatise on, 771.  
 Children's Hospital of Boston, Review of Report of, 628.  
 Cholecystenterostomy, 285.  
 Cholecystotomy, 179, 284.  
 Claiborne on the functional examination of the eye, Review of, 635.  
 Clavicle, Fracture of, with injury to nerves, 147, 200.  
 Clavicles, Sternal dislocation of both, 600.  
 Cocainization of nasal mucous membrane preliminary to general anæsthesia, 1, 62, 233.  
 Coccygeal region, Teratoma of, 187.  
 COHEN, SOLOMON SOLIS, Leontiasis, 305.  
 Colectomy, Five cases of, 326.  
 COLEY, W. B., Inguino-perineal hernia, 192; Rapid recovery from hernia-operation, 192.  
 Colon, Cancer of, extirpation and anastomosis, 292, 601.  
 Color-vision and color-blindness, Review of Jennings on, 635.  
 Costal cartilages, Dislocation and fracture of, 279.
